1. The objectives of reference (a) were to validate the operational ASVAB selector composites against "A" school performance measures for the Cryptologic Technician Technical (CTT) and Electronics Warfare (EW) 4 year obligor programs in preparation for the CTT/EW merger. Based upon results of reference (a), effective immediately, the ASVAB composite and test score criteria for the Cryptologic Technician Technical (CTT) and Electronics Warfare (EW) 4 year obligor programs will change as follows:

VE+MK+GS = 165

2. Parameter changes required for the Classification within Pride (CLASP) system's school success component are as follows:

VE+MK+GS = 165; Males: Mean = 177; Standard Deviation = 9.1  
Females: Mean = 175; Standard Deviation = 7.5

This change will be incorporated in reference (b) when revised.

3. Request the following actions be taken:

a. Commander, Naval Education and Training Program Management Development Technical Center NETPDTC (Code 06221) make the appropriate change to the "A" school selection criteria in the Standard Training Activity Support System - Recruit Training Module (STASS).

b. Commander, Navy Recruiting Command (Code 3532) make the appropriate change to reference (c).

Subj: CRITERIA FOR SELECTION OF RECRUITS AND NEW ACCESSIONS FOR  
FORMAL SCHOOL TRAINING

c. Commander, Navy Recruiting Command (Code 3561) make the appropriate changes to reference (c) and (NW 51 - Navy Annex) to Personalized Recruiting for Immediate and Delayed Enlistment (PRIDE).

d. Chief of Naval Education and Training, Enlisted Training Education (Code ETE-41) make the appropriate addition to reference (d).
